1. HIGHLIGHTS FROM PRESIDENT Rev. Dr. DENNIS RAJ'S ADDRESS

LOOKING FORWARD: BASED ON OUR 50-YEAR JOURNEY.

- Next year will be the 50th session of our Tamil Annual Conference.
- Firstly, we need to be grateful for what God has done. We are thankful because we began small with little or no resources, but with God our side we have prevailed thus far.
- Secondly, we prevailed because we have strived to obey His call to reach out to the Indians, especially the Tamils, which was the foremost heart cry of those who prayed at the beach. This is our God given vision, we cannot abandon this obligation but prioritize and carry this vision and mandate in all our local churches.
- Thirdly, we need to evaluate our approaches to suit the current changes that have come upon us. For instance, since many of our young ones do not carry a Tamil Bible anymore, we should be considering English and Malay services as well.
- Our existing Liturgy and mode of worship needs a serious review so that we are not trapped into fulfilling traditions
- We need to cater to our young ones who seek some changes in worship. Perhaps youth services can be considered
- We should not just change anything for the sake of changing but must seek to adapt and embrace based on our posture of discerning and obeying what God wants us to do at this time, in this generation.
- All of our local church LCECs need to conduct a serious evaluation of existing ministries before embarking on their planning for next year.

LOCAL CHURCH CHECKLIST FOR LCEC PLANNING SESSIONS

1. What are specific areas that our church will focus on for this year? What will be some of the steps taken to plan, execute and budget for these ministries?
2. What do we need to do to develop existing Growth groups in our own local church? Are all our LCEC leaders willing to lead Growth groups? What else is needed.
3. Are the spiritual needs of the Children in our church met? Has the LCEC seen the material used for teaching them? Do the teachers need anything else?
4. Has the LCEC taken time to listen to the young people? Are there some things that need addressing? Are the Youths given opportunities for ministry in the local church?
5. What are the weaknesses in the Evangelism Ministry of our local church? How is it being addressed? Is the local church praying earnestly for new souls?
6. How does our church ensure that members are being ministered to within their family context? What are the plans to assist parents to disciple their children?
7. Is our local church home visitation effective (both pastors and leaders)? What else can be done?

OUR GOD GIVEN CONFERENCE THEME.

- **To seek God's Glory** as individuals or as churches is something that is non-negotiable. We must never try to seek anything
- We need to ask God if there is anything within us or our churches that are not glorifying Him, even in a little way.
- Divisions, pride, jealousy and our inability to do what God wants from us as His vessels on earth, are some of the enemies to God's glory. We need to consciously identify and reject them from within us and amongst us.
- If we seek His Glory, Kingdom and His Righteousness, all else will be added unto us, including church growth and revival. Pastors and leaders need to remember that without God we can do nothing (John 15:5).
- Without Him we cannot build or grow (Psalm 127:1). Only when we humble ourselves to God and ask Him what to do will he be able to lift us up and use us for His glory.
- **Salt and light to the community.** Churches need to constantly ask whether the local church is indeed being a Salt and light to the community.
- Both the pastor and the LCEC must have the burden to reach out, without which we will just be doing activities and programs based on our church calendar. These things may make us to feel contended that we have done something but in turn may not have made God very happy.
- **Salt and light to the world.** Many churches have been able to be salt and light in different parts of the nation even the world when pressing needs were presented. It speaks much about our ability to empathize with the suffering of others.
- The Bible teaches us that we have the power from God to bring change, which is why the early church grew and was able to plant new churches.

OUR GROWTH GROUP AGENDA (DISCIPLESHIP).

- This is one of the key core areas where we can consciously shape and develop the discipleship of our members.
- Based on our two-years ago roadmap that gave a charted timeline, by now we should be seeing many churches benefitting from this.
- The 'format' of a Growth Group meeting is just like cell-group or area fellowship, which is a small group setting. The content is also similar, where we give room for a brief worship and take time discussing and growing in the word of God.
- **The only things that are considered "extra" in GG, is the setting aside of either a 15mins or 20 minutes session where we enquire each other's well-being, ask for specific prayer needs and spend time praying for one another. This meets the emotional needs of our members.**
- This is what actually 'fills in the blank' in our local church life, as we cannot do this on a Sunday service setting where our people come and return home quickly. We have also been encouraging GG leaders to visit the members and keep in touch with them throughout the week.
- Some of the main feedback received thus far.
 - Local church leaders not excited about it.
 - Local pastor not driving the agenda.
 - Not enough leaders to run the groups.
 - Already have cell-group and area fellowship method in existence.
 - Not sure how the Growth group is different than cell-group and area fellowship.
- In the roadmap, we assumed that pastors and leaders would immediately hand down the Growth Group agenda to the local cell group leaders. We need to meet the local level Growth Group leaders to explain and assist them in their emerging issues. This can be done either regionally or as combined church sessions. If the existing local cell group leaders can have clear understanding of the important element needed to function as Growth Groups, they will know what to do during their meetings.
- We need to pray much for this to be understood and picked up by our leaders as our members are yearning for deeper fellowship and connection.
